

# **DEPOSIT AREA**

## **Community Service Needs Assessment**

### **Stakeholder Meeting**

**Saturday, November 20, 2004**

**9:30 AM - 12:00 NOON**

**Deposit Central School**

You are invited an important meeting to further discuss the community service needs of the Deposit Area. The Towns of Deposit and Sanford, along with the Village of Deposit, have engaged consultants to assist with the preparation of a Community Service Needs Assessment. Broome and Delaware Counties, through their Office of Aging and Planning Departments, are also involved in this important endeavor. You can learn more from our project website at [www.shepstone.net/Deposit](http://www.shepstone.net/Deposit).

The project involves a three month process to identify the Deposit Area's key community needs, assign priorities to those needs and make recommendations to local officials on a strategy for addressing them. The first meeting, held in October, focused on identifying needs. The next meeting will address priorities. **Your input is crucial.**

The meeting will take place from 9:30 AM to Noon at the Deposit Central School and refreshments will be served. Please let our consultants, Shepstone Management Company and the Fairweather Group, know if you will be attending so that we can plan accordingly. RSVP to Joyce at **570-251-9550**. You can also e-mail us at [smc@ezaccess.net](mailto:smc@ezaccess.net). Please do so by Thursday, November 18.
